

50GOL

TECHNICAL RIDER

Version

2026.1

Revised

30 Sept 2026

Applies to

DJ set, club and festival

Contact

sogol.booking@gmail.com

DJ equipment

3 × Pioneer CDJ-3000 or CDJ-2000NXS2

Required

Linked via Pro DJ Link, current firmware, USB ports working and easy to reach

1 × Pioneer DJM-900NXS2

Preferred

Allen & Heath Xone mixer + Pioneer RMX-1000

Acceptable substitute

If a DJM-900NXS2 isn't available. Tell us in advance about any other setup.

Sound

Professional PA sized for the room

Required

Clear, undistorted, with a powerful low end

Stereo booth monitors, one each side

Required

With separate level control in the booth

Booth

Stable, spacious booth isolated from vibration

Required

Room for equipment, USB drives, headphones and personal gear

Booth lighting in red or white only

Required

No colourful lighting, no direct blinding lights

Fan or cooling

Optional

On the day

Soundcheck 1–2 hours before the event

Required

Experienced sound and lighting technician on site

Required

For setup, soundcheck and during the set, with an on-site technical contact

Anything that can't be provided: tell us in advance at sogol.booking@gmail.com or +36 70 585 9797, and we'll find a solution before the show. The hospitality rider is sent separately with the offer.

This version replaces all earlier technical riders.
